

Story about the stuffed animal heist!

Dear Jamie,

The story about stuffed animals on the stairs between the 1<sup>st</sup> and 2<sup>nd</sup> department!!!

One evening we came up to get ready for bed and there were NO STUFFED ANIMALS ON OUR BEDS! I think we were all **hysterical**. I don't know if your age group had stuffed animals but we certainly did.

We did not notice them at first on the stairs. I bet it took a few girls to get the "deed" accomplished. They had all of our animals on the stairs to the attic. I wish we had cameras because it was just **TOOOO DARLING.**

It was certainly nice spending a good part of the day with you.

Gratefully,
